# JINDAL STAINLESS FOCUS FINISHES. INSPIRED BY BEAUTIFUL THINGS.

Wherever you look, there is inspiration lurking.

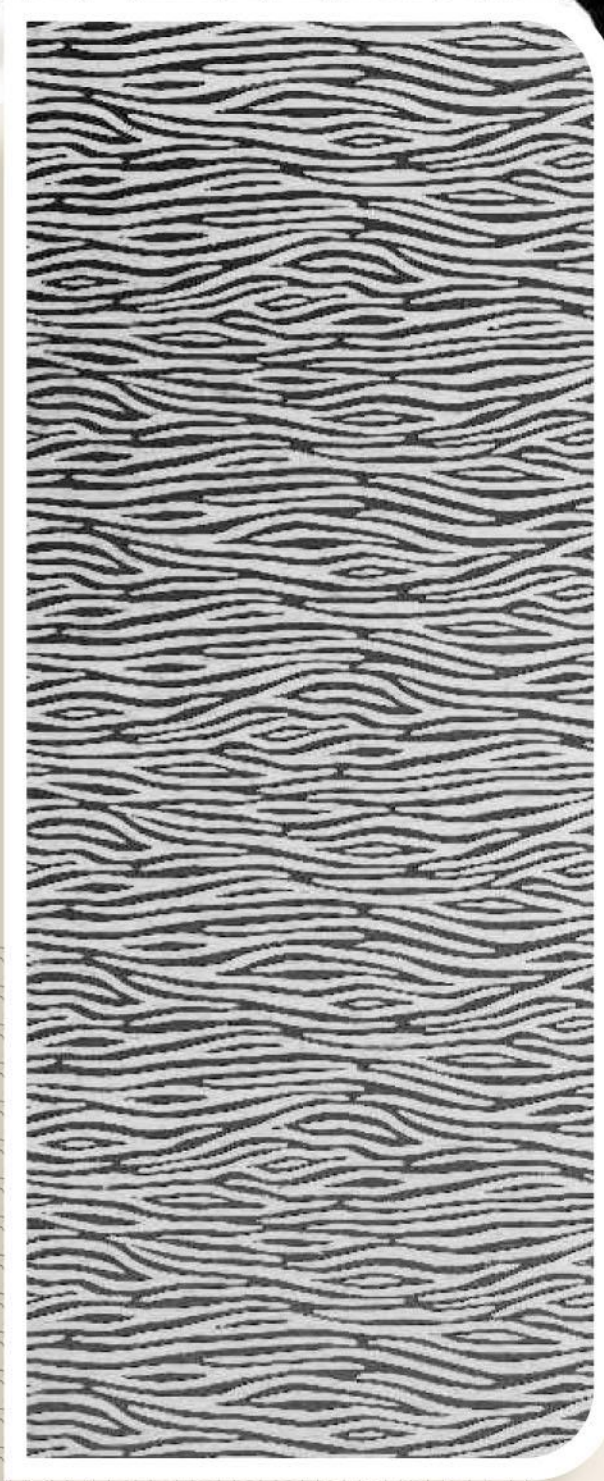

It lurks in flower patterns and icy depths, in dots and shapes, in sand dunes and moonrocks.

From the depths of such inspirations emerged finishes of true beauty. Be it the Aqualine or the Mystic Finishes, Dunes or the Honeycomb Finishes.

Such inspired finishes when used in lifts, claddings, false ceilings, wall tiles and facades lift up the mood of the place and satisfy our yearning for the aesthetics.

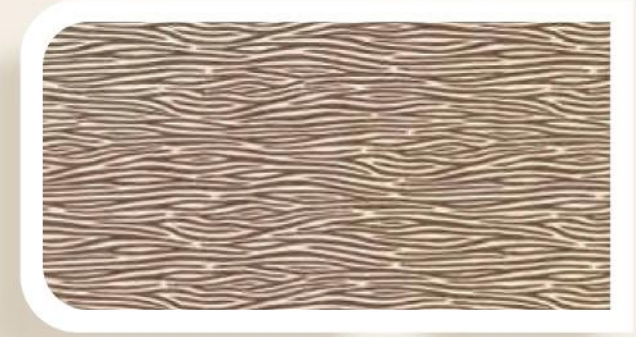

Most importantly, we are not limited by inspirations that come to us. We customize our finishes too, based on what inspires our clients or consumers.

No wonder, we are loved by architects.
